

## OCTOBER 2003 SCATTER

The event took place on Friday 24 October. Eight crews turned up for the start in Chipping Sodbury town car park, four from each of the two clubs. Fortunately, the same number arrived (eventually) at the finish point, *The Boot* public house. It was intended to be a 'novice-friendly' event, and competitors were given a couple of A4 pages of six-figure grid references, 27 in all, and corresponding questions to go with them. There were two classes of clues, the Group A clues were further afield but earned a handsome 25 points; the Group B clues were only worth 15 points. This brought a smile to the faces of the strategists amongst the entry!
