

Autumn 12-Car

Bath Hill East car park in Keynsham was the starting venue for this event which took place on Friday 27 October. The organising team, Nick Rainbow and Allen Harris, were disappointed that only three crews turned up to their debut event - a poor reward for the time and effort that they had put into it. However, those who did participate had a pleasantly dry and mild evening to drive around the points they had plotted, though the heavy rain of the previous couple of days had left its mark, and all the cars would subsequently benefit from a visit to the car wash! Paul Bird and Howard Johnson were disadvantaged by an unfortunate late start and were roundly beaten by Paul Parker and Mark Chater, Mark bringing his considerable experience to bear on the fairly straightforward navigation to achieve a score not far off the maximum for the event of 440. Glyn Hopkins succeeded in encouraging Will Palmer to re-join the club after a year's absence and dust off his navigation skills for this event. We look forward to seeing more of this pairing. Warm thanks to all of you who took part.

BRISTOL MC AUTUMN NAV SCATTER 27 October 06
