## HOW TO APPLY FOR A COMPETITION LICENCE

20. With the exception of first time applicants for a Race, Kart or Stage Rally licence all applicants should read these notes and complete an Application for Competition Licence Form provided by the MSA. Any changes to the wording on the official form will make it null and void. After having completed all the relevant sections of the application form, an applicant must send it, with the appropriate fee and a passport type photograph to the MSA. The MSA will use its best endeavours to process and deliver the licence to the applicant within 15 working days of receipt of the application by the MSA. Processing may take longer if we have to check the applicant's health. Therefore, you are recommended to allow for this time before the first event for which the licence is required. Applicants with no health or other problems appertaining to their application may, on payment of an Express Handling Fee, apply for priority handling and the MSA will issue their licences within 3 working days. For applicants paying the additional Express Handling fee arrangements may be made, upon request, to confirm to organisers that they are licence holder, this will usually include the waiver of the non-production of licence fine [46] To speed the process please clearly mark the envelope 'EXPRESS' and this should preferably be sent by Recorded Delivery. If an applicant doesn't receive the licence, after allowing for the processing and delivery time, the MSA should be notified in writing. If the notice is received by the MSA within 6 weeks of despatch of the licence by the MSA, it will issue a duplicate. After 6 weeks have elapsed, the normal duplicate licence charge will be levied in accordance with Part 3, Appendix 3.

### 25. Access to Records

Before we can apply for a medical report from a doctor who has cared for you, we need your consent by signing the Declaration in Section 5 of the application. Before doing so, however, you should read this notice carefully, as it sets out your rights under the Acts and the procedures for dealing with reports.

- You do not have to give your consent but, if you do, you can say whether you wish to see the report before it is sent to the MSA's Medical Consultant. If you do not give consent, we will be unable to proceed with your application for a Competition Licence.
- If you say you wish to see the report, we will write to your doctor and advise you that we have done so, and we will tell your doctor you wish to see the report. You will then have 21 days to contact the doctor about arrangements for you to see the report. Of course, the quicker you act, the quicker your application for a Competition Licence can be considered.
- If you say you do not wish to see the report, we do not have to notify you if we apply for one. However, if before such a report is sent to us, you write to the doctor saying you wish to see it, you will then have 21 days to contact the doctor about arrangements for you to see the report.
- Whether or not you say you wish to see the report before it is sent to us, the doctor must let you see a copy for up to six months after it is supplied, if you ask.
- If you ask the doctor for a copy of the report, he can charge you a reasonable fee to cover his costs.
- If you see a report before it is sent to us, the doctor cannot submit it until he has your consent. You can write to the doctor, asking him to amend any part of the report which you consider to be incorrect or misleading, and have attached to the report a statement of your views on any part where you and the doctor are not in agreement.
- The doctor is not obliged to let you see any part of a report if, in his opinion, that would be likely to cause serious harm to your physical or mental health or that of others, or would indicate the doctor's intentions towards you, or if disclosure would be likely to reveal information relating to, or the identity of someone else who has supplied information about you, unless that person has consented or the information relates to, or has been supplied by, a health

The charge for so doing will be the payment of the downgrade fee as per Part 3, Appendix 3 and forfeit of the cost difference (if any) between the two licences.

The payment is calculated as the difference between the cost of the existing licence and the new licence plus the upgrading fee as detailed in Appendix 3. A request for an upgrading signature has to be made to the organisers, and if the results of the event show that the driver's performance was satisfactory, his/her Upgrade Card will be signed by the Clerk of the Course in the space provided. In the case of Kart Races, only the MSA Steward of the Meeting is empowered to sign and only one signature per meeting is permitted, (Kart Endurance or Kart Tyro signatures are not accepted to upgrade a Kart Race Licence). A maximum of two signatures may be obtained at a car race meeting. In exceptional circumstances only, documentary evidence, such as printed official results sheets may be accepted as proof of performance for upgrading. 46. Licences must be produced for inspection at all events prior to a competitor taking part. Competitors failing to produce a correct licence will be fined as detailed in Part 3, Appendix 3 and may be excluded from the event by the Stewards. Under no circumstances can this fine be considered as a substitute for not holding a valid Competition Licence.
- Only the originals of licences and Upgrade Cards are acceptable. Photocopies or facsimiled copies are not acceptable.
  - One Entrant's licence covers all the entries at a meeting in the name of that Entrant.

#### **COMPETITION LICENCE RESTRICTIONS**

47. The following restrictions apply:

- (a) No person shall apply for or hold a current Entrant's and/or Driver's licence from more than one ASN [other than in (d) below] and such licences shall, if both are required, always be obtained from the same ASN.
- (b) No person may apply for or hold more than one current licence of the same category.
- (c) In special circumstances and, only once annually, the holder of a licence issued by the MSA may apply to another ASN to issue them with a licence. This may only be granted if they are permanently resident in the territory of the ASN to whom they are applying, have surrendered their licence to, and obtained written permission from the MSA.
- (d) A British citizen, having a licence issued in a foreign country which is not endorsed with the EU flag [53], will be able to take part in events within the territory of the MSA, subject to also taking out an MSA National 'B' or 'A' Competition Licence.

#### **COMPETITION LICENCE – HOLDER'S INDEMNITY AND UNDERTAKING**

48. In consideration of MSA granting a Competition Licence, the holder binds himself to the following requirements and undertakings [Background to the Regulations 38 and A 33-39]:

- To abide by the MSA Regulations and any amendments or additions thereto which may be in force at any time that the licence is used for the purpose of taking part in a motor competition.
- To pay as liquidated damages for any breach of these Regulations any sums awarded against him or the organisation which he represents within the maxima set out in the Regulations.
- To acknowledge that all persons having any connection with the promotion and/or organisation and/or conduct of the event are insured against loss or injury caused through their negligence.
- That to the best of the licence holder's knowledge and belief the driver(s) possess(es) the standard of competence necessary for an event of the type to which an entry relates and that the vehicle entered is suitable and road worthy for the event having regard to the course and the speeds which will be reached.
- That where appropriate, the use of the car entered shall be covered by insurance as required by the law, which is valid for such part of the event as shall take place on roads as defined by the law.
- That any competitor taking part in an event is suffering from any disability whether permanent, or temporary, which is likely to affect prejudicially his normal control of his vehicle at the time of the event, may not take part unless he has declared such disability to the MSA which has, following such declaration given its written consent to the competitor to compete.

• That any application form for a licence which is signed by a person under the age of 18 years shall be counter-signed by that person's Parent or Legal Guardian.

• Competitors should abstain from the consumption of alcohol or drugs before or during a competition.

49. The Parent/Legal Guardian/Guarantor of a minor shall sign the following declaration: "I am the Parent/Guardian/Guarantor of the driver I understand that I shall have the right to be present during any procedure being carried out under the Supplementary Regulations issued for this event and the General Regulations of the MSA. As the Parent/Guardian/Guarantor I confirm that I have acquainted myself with the MSA General Regulations, agree to pay any appropriate charges and fees pursuant to those Regulations (to include any appendices thereto) and hereby agree to be bound by those Regulations and submit myself without reserve to the consequences resulting from those Regulations (and any subsequent alteration thereof). Further, I agree to pay as liquidated damages any fines imposed upon me up to the maxima set out in Part 3, Appendix 3.

Note: Where the Parent/Guardian/Guarantor is not present there must be a representative who must produce a written and signed authorisation to so act from the Parent/Guardian/Guarantor as appropriate".

#### **COMPETITION LICENCE – WAIVER FOR CLUBSPORT EVENTS**

50. The MSA waives the requirement for Competition Licences for some types of club motor sport [see A 17 and A 20 for details].

- The MSA also waives the requirement to hold a Competition Licence for competitors who hold a National licence issued by the National Schools Karting Association (NatSKA) in accordance with their rules which have been agreed with the MSA.

#### **GRADES OF EVENT AND LICENCE TYPES AND GRADES**

51. Competitors need a Competition Licence for most forms of motor sport organised under a permit issued by the MSA. Select the status and type of event from the Chart 52; this shows the minimum acceptable licence.

- Competitors must normally have registered and have their licence before competing in any event, but with the specific exception of Race, Kart Races\* (excluding Kart Endurance or Kart Tyro) and Stage Rallies\*\*, organisers are permitted to accept a properly completed Non-Race National 'B', Non-Race Clubman or Kart Clubman Application Form along with the appropriate fee in lieu of the licence.
- \*Competitors 17 years of age and under who have just completed their ARKS test may also produce their correctly completed application and payment in lieu of the licence.
- \*\*Navigators at National B or lower status Stage Rallies may apply for a Non-Race National B licence. This can, however, only be done once annually at events of National 'B' or lower status. No priority fee is payable and the fine for non-production of licence is not applicable.

• Licences issued by Motorsport Ireland will be deemed valid for all British events providing the holders comply with all the requirements for the event. Under a reciprocal agreement British licences are valid in Eire.

52. National Competition Licences issued by countries outside the UK will be deemed valid for British events, providing either of the following applies:

(a) the event has been inscribed on the 2008 International Sporting Calendar and that the holders comply with all the requirements for the event.

OR

(b) a Professional competitor in possession of a valid licence (which features the EU flag) and medical, issued by the ASN of a member country of the European Union and has provided such proof to their issuing ASN. The holder will be subject to MSA Regulations whilst competing in that event. To ensure compatibility with our licence requirements, clubs should require foreign competitors to comply with the following:

(c) If the event is of National 'B' or Clubman status, the competitor must be a member of, or join, the organising club or one of the invited clubs.

(d) At a National 'B' Race meeting, the competitor must sign a declaration that he/she is competent to compete in the appropriate Race, and must satisfy the Clerk of the Course prior to practice that he/she is aware of the flag signals. The competitor should be subject to special observation during practice, and must achieve a lap time of at least 120% of the class best, unless the Clerk of the Course is satisfied as to extenuating circumstances. If he/she has not previously finished six Races, the competitor must carry a novice cross on the rear of the car [G 42].

(e) At a National 'A' Race meeting, the competitor must sign a declaration that he/she is competent to compete in that status of Race, and must satisfy the Clerk of the Course prior to practice that he/she is aware of the flag signals. The competitor should be subject to special observation during practice, and must achieve a lap time of at least 120% of the class best, unless the Clerk of the Course is aware of extenuating circumstances.

(f) At any International Race meeting the competitor must hold a valid International licence.

(g) Short Circuit Kart Racing. The competitor must carry 'Novice' number plates unless he/she can provide the organisers with proof of having finished in at least six Kart Races. Normal observation during practice.

(h) Long Circuit Kart Races. A declaration must be signed that the competitor has finished at least six Kart Races (long or short circuit). The competitor must

carry 'Novice' number plates unless proof can be provided to the organisers of having finished at least four long circuit Kart Races.  
Special observation during practice.

(i) National 'B' Rallies. The driver must hold a road licence valid within the UK. No other restrictions [see (m) regarding insurance].

(j) National 'A' Rallies. As (i) above, but the competitor must sign a declaration that he/she has competed in at least four rallies.

(k) Co-Drivers. No special requirements.

(l) Vehicle Log Books must be issued. This can be done at scrutineering, but competitors must be warned to bring the appropriate photographs.

(m) RTA Insurance can be arranged subject to an acceptable proposal form being submitted. Note. The laid down time scale must be rigidly observed.

(n) All other events. For all other events which do not utilise the public highway, no special restrictions apply.

- British licence holders of National 'A' or above grade will be entitled to compete in National events within the EU and the Comparable Countries [52] providing the event has been inscribed on the 2009 ASN's Sporting Calendar as a National Event with Authorised Foreign Participation, and complying with the requirements of the event. They will then be subject to the regulations of the appropriate ASN.

- British licence holders of any International grade will be entitled to take part in events of the appropriate type on condition that those events are entered on the FIA International Calendar. MSA International licences incorporate automatic permission to take part in such events and contain the words 'valid as a visa, Article 70 ISC'. In case of difficulty please contact the MSA.

- Concessions to holders of an International Historic licence may be available, please refer to the FIA International Sporting Code.

- Non UK Race licence holders attending an MSA recognised competition driving school may take part in up to two national events organised by that school on the strict condition that they have the agreement of both their parent ASN and the MSA. In such cases their original licence must be lodged with the MSA who will then issue a suitable licence for the event, following receipt of a completed application. This licence will be exchanged for their original licence at the conclusion of the event(s).

- British licence holders of National 'A' or above grade may request, at time of application, to have their Competition Licence endorsed Professional and feature the EU flag. These endorsements will permit the holder to participate in national events within the EU and the Comparable Countries, where that event has been inscribed on the hosting ASN's National Calendar. They will then be subject to the regulations of the appropriate ASN. To enable consideration to be given to such a request the applicant must certify on the licence application form in the following terms: I certify that for the last tax year prior to this application I declared earnings as a competitor in motorsport to Her Majesty's Revenue and Customs and I therefore request that the MSA endorse my licence with the word "Professional" and further with the EU Flag in accordance with regulation 52.

## ENTRANTS

53. All personal licences entitle the holder to enter the car, truck or kart in which he/she will personally take part in the event. Any other organisation, company, sponsor or person must obtain an ENTRANT'S LICENCE by making separate application by completing an Application for Competition Licence Form.

- The entrant is the legal entity who is responsible for all acts and/or omissions of the driver/co-driver and any person connected with the entry. A competitor must ensure that any entrant is aware of this. The maximum number of words permitted in an Entrant's title is six.

- Only one Entrant's licence may be used in connection with an entry (i.e. two three word licences cannot be used to make one entry). An International Entrant's licence is valid for all events both inside and outside the UK.

- A National Entrant's licence is valid for all events inside the UK excluding International, except in the case of events for Karts and Historic Cars, where it has the same validity as an International Entrant's licence. Competitors who intend to use this licence internationally must advise the MSA at the time of application.

- Where a competitor has not reached his 18th birthday the Entry for an event must be supported by Parent or Legal Guardian as Guarantor. Such Guarantor will be considered as being the Minors' Entrant, and as such will be subject to these Regulations.

- The Guarantor, or his representative, must attend the event with the Minor, and sign-on as his Entrant. When a Guarantor's representative attends an event and signs on as his Entrant, the Representative must produce the Guarantor's written and signed authorisation to do so.

## APPENDIX 3: DOPING CLASSES AND THERAPEUTIC USE EXEMPTIONS

### Doping Classes and Methods of World Anti-Doping Agency

300. See Chart at the end of this Appendix

### Regulations for Therapeutic Use Exemptions – Definitions

301. When these Notes went to press it was understood that the FIA may vary their regulations in respect of retrospective applications for Therapeutic Use Exemptions. Please check [www.msauk.org](http://www.msauk.org)

Terms specific to the regulations: Therapeutic: Of or relating to the treatment of a medical condition by remedial agents or methods; or providing or assisting in a cure.

TUE: Therapeutic use exemption.

TUEC: Therapeutic use exemption committee – the panel of experts established by the relevant anti-doping organisation.

Anti-doping organisation: the MSA.

### Criteria for Granting a Therapeutic Use Exemption

302.

- A therapeutic use exemption (TUE) may be granted to a driver permitting the use of a prohibited substance or prohibited method as defined in the Prohibited List published by the World Anti-Doping Agency (WADA). An application for a TUE will be reviewed by a therapeutic use exemption Committee (TUEC). The TUEC will be appointed by the MSA.

- Any exemption will be granted only in strict accordance with the following criteria:

- The driver should submit an application for a TUE no less than 21 days before participating in a National event and no less than 45 days before participating in an event on an FIA Calendar.

- The driver must show that he would experience a significant impairment to health if the prohibited substance or prohibited method were to be withheld in the course of treating an acute or chronic medical condition.

- The therapeutic use of the prohibited substance or prohibited method would produce no additional enhancement of performance other than that which might be anticipated by a return to a state of normal health following the treatment of a legitimate medical condition. The use of any prohibited substance or prohibited method to increase "low-normal" levels of any endogenous hormone is not considered an acceptable therapeutic intervention.

- There is no reasonable therapeutic alternative to the use of the otherwise prohibited substance or prohibited method.

- The necessity for the use of the otherwise prohibited substance or prohibited method cannot be a consequence, wholly or in part, of prior non-therapeutic use of any substance from the prohibited list published by the WADA.

- The TUE will be cancelled by the TUEC if:

- (a) The driver does not promptly comply with any requirements or conditions imposed by the anti-doping organisation granting the exemption.

- (b) The term for which the TUE was granted has expired.

- (c) The driver is advised that the TUE has been withdrawn by the MSA.

- Comment: Each TUE has a specified duration as decided upon by the TUEC. There may be cases when a TUE has expired or has been withdrawn and the prohibited substance subject to the TUE is still present in the driver's body. In such cases, the anti-doping organisation conducting the initial review of an adverse finding will consider whether the finding is consistent with expiry or withdrawal of the TUE.

- An application for a TUE will not be considered for retroactive approval except in cases where emergency treatment or treatment of an acute medical condition was necessary, due to exceptional circumstances, there was insufficient time or opportunity for an applicant to submit, or a TUEC to consider, an application prior to the doping control.

### Confidentiality of Information

303.

- The applicant must provide written consent for the transmission of all information pertaining to the application to members of the TUEC and, as required, other independent medical or scientific experts, or to all necessary staff involved in the management, review or appeal of TUEs. Should the assistance of external independent experts be required, all details of the application will be circulated to them without identifying the driver concerned. The applicant must also provide written consent for the decisions of the TUEC to be distributed to other relevant anti-doping organisations.

- The members of the TUECs and the administration of the anti-doping organisation involved will conduct all of their activities in strict confidence.

All members of a TUEC and all staff involved will sign confidentiality agreements. In particular they will keep the following information confidential:

- All medical information and data provided by the driver and physician(s) involved in the driver's care;

- All details of the application including the name of the physician(s) involved in the process.

- Should the driver wish to revoke the right of the TUEC to obtain any health information on his behalf, the driver must notify his medical practitioner in writing of the fact. As a consequence of such a decision, the driver will not receive approval for a TUE or renewal of an existing TUE.

### Therapeutic Use Exemption Committees (TUECs)

304. TUECs shall be constituted and act in accordance with the following guidelines:

- TUECs should include at least three physicians with experience in the care and treatment of drivers and a sound knowledge of clinical, sports and exercise medicine. In order to ensure a level of independence of decisions, a majority of the members of the TUEC should not have any official responsibility in the anti-doping organisation concerned. All members of a TUEC will sign a general declaration of disqualification in the event of a conflict of interest. In applications involving drivers with disabilities, at least one TUEC member must possess specific experience with the care and treatment of drivers with disabilities.

- TUECs may seek whatever medical or scientific expertise they deem appropriate in reviewing the circumstances of any application for a TUE.

## Therapeutic Use Exemption Application Process

305.

- A TUE will only be considered following the receipt of a completed application form that must include all relevant documents (this application form is available from the FIA at [www.fia.com](http://www.fia.com) or the MSA). The application process must be dealt with in accordance with the principles of strict medical confidentiality.

- A driver may not apply to more than one anti-doping organisation for a TUE. The application must identify the driver's discipline of motor sport and, where appropriate, his specific position or role.

- The application must list any previous and/or current requests for permission to use an otherwise prohibited substance or prohibited method, the body to whom that request was made, and the decision of that body.

- The application must include a comprehensive medical history and the results of all examinations, laboratory investigations and imaging studies relevant to the application. Moreover, asthmatics should include a respiratory test report in their medical dossier.

- Any additional relevant investigations, examinations or imaging studies requested by the anti-doping organisation will be undertaken at the expense of the applicant.

- The application must include a statement by an appropriately qualified physician attesting to the necessity of the otherwise prohibited substance or prohibited method in the treatment of the driver and describing why an alternative, permitted medication cannot, or could not, be used in the treatment of this condition.

- The dose, frequency, route and duration of administration of the otherwise prohibited substance or prohibited method in question must be specified.

### 306. Decisions

Decisions of the TUEC will be conveyed in writing to the driver by the relevant anti-doping organisation.

### 307. Abbreviated Therapeutic Use Exemption Application Process

- It is acknowledged that some substances included on the list of prohibited substances are used to treat medical conditions frequently encountered in the sporting population. In such cases, a full application as detailed in 302 and 304 is unnecessary. Accordingly, an abbreviated process of the TUE is established.

- The prohibited substances or prohibited methods which may be permitted by this abbreviated process are strictly limited to the following: Beta-2 agonists (formoterol, salbutamol, salmeterol and terbutaline) by inhalation, and glucocorticosteroids by non-systemic routes.

- To use one of the substances above, the driver shall provide to the anti-doping organisation a medical notification justifying the therapeutic necessity. Such medical notification, as contained in the abbreviated application form (this application form is available from the FIA at [www.fia.com](http://www.fia.com) or the MSA) shall describe the name of the drug, dosage, route of administration and duration of the treatment.

- The diagnosis and, when applicable, any tests undertaken in order to establish that diagnosis, should be included (without the actual results or details).

- The abbreviated process involves the following:

- Approval for use of prohibited substances subject to the abbreviated process is effective upon receipt of a complete notification by the anti-doping organisation. Incomplete notifications must be returned to the applicant.

- On receipt of a complete application for an abbreviated process, the MSA will inform the applicant that the application has been duly received. If this application is subsequently examined by the TUEC, the applicant will be notified of the TUEC's decision as set out in 306.

- A notification for a TUE will not be considered for retrospective approval except in cases where: emergency treatment or treatment of an acute medical condition was necessary due to exceptional circumstances, there was insufficient time or opportunity for an applicant to submit, or a TUEC to consider, an application prior to the doping control.
